SYSONBY MAY GO TO THE STUD

POSSIBLE CHANCE THAT KEENE COLT WILL RETIRE.

Will Not Face the Barrier Again This Sea son, as There Is No Probability of a Race With Artful-What Burgomaster and Whimsical Have Done This Year

While no definite announcement has been made by either James R. Keene or Trainer Rowe, it was the general opinion among turfmen yesterday that Sysonby will not race again this year, although he has severa other important engagements to fill at Graves-end and Belmont Park. Mr. Keene said after the colt's victory in the Champion Stakes or Saturday that he was entitled to a rest and that he would probably get one. But it may be said that if there had been any chance of a meeting with the Whitney mare Artfuthe Melton colt would have been made fit for it. Artful, however, has practically retired for the season, as Trainer Rogers has declared that she cannot be gotten read; for a race at Gravesend, which means that for a race at Gravesend, which means that there is a scant possibility of seeing her in a race at Belmont Park later on. This state of affairs, therefore, means that P. J. Dwyer's offer of a \$10,000 purse for a three cornered sweepstakes in which Sysonby, Artful and Hamburg Belle should be the starters will go begging, much to the general regret of the racing public, who have longed for a struggle of this kind ever since the question of supremacy caused so wide a discussion. Sysonby's engagements at Gravesend, where the fall meeting of the Brooklyn Jockey Club opens this afternoon, are the First and Second Specials, in which nearly all of the best handi-

beating his stable mate Pegasus and the Puturity winner Ormondale without being extended. His triumph in the Great Eastern capped the climax, for he handledt he crushing impost of 130 pounds as if it was a feather, lie has won close to \$30,000, but he has no engagements at Gravesend.

Whimsical, the champion two-year-old filly, is rared by some turf experts on a plane with Tradition, who carried off these honors last year. Her victory in the Golden Rod Stakes on Friday was her best achievement, although she ran a magnificent race in the creat Fastern, when she finished second to Burgomaster, with big weight up. Her other successes include The Belles and several overnight events, in which she disposed of high class youngsters, in addition to running third to Yankee Consul and Timber in the Flatbush Stakes. Whimsical has not been rampered and petted, either Her owner. Tim Gaynor, has campaiged her, steadily since the early part of the season the filly having take part in thirteen races to date.

the filly having take part in thirteen races to date.

The Coney Island Jockey Club during the two weeks meeting just ended enjoyed remarkable prosperity. In spite of the high farifi, the daily attendance was productive of unusual gate receipts. On Saturday it was said that the amount of money paid in at the box office windows exceeded that of the corresponding day a year ago. With practically no revenue from the bookmakers, it can readily be appreciated, therefore, that the public's support of racing will make it a source of profit for the various associations operating under the control of the jockey club. It is a healthy condition of affairs and reflects credit upon the men who had the nerve to cut off all relations with the betting ring, with the idea of saving the sport from inevitable destruction.

NEW RECORD BY SHERIDAN. All Around Champion Throws the Discus 143 Feet 4 Inches.

Martin Sheridan, the all around champion, broke the world's record for discus throwing yesterday afternoon at the Empire City track, where the athletic games of the First Regiment Irish Volunteers were held. Sheridan had a disabled side when he performed the feat, having been injured at Travers Island on Saturday. Nevertheless, he threw the discus 143 feet 4 inches, beating the world's and his previous record of 128 feet 10 inches. The games were held under the auspices of the A. A. U. R. J. Mullin of the Mohawk A. C. won the 100 yard run novice in 10 4-5 seconds. D. J. Griffin, unattached, was second and R. Parlatto, Pelham A. C., third. The other events were:

Football Material at West Point.

Football practise is in full swing at West Point, the squad working whenever it can find time. The trainer, James Temple, has put in an appearance, and work has been going on for about ten'days. There are a number of promising candidates in the new fourth class, and of the fifty or more men who turned out to try for the eleven many were plebes. Among these were not a few who have had football experience and who also have weight. Philbin, from the University of Maine, is a promising candidate for the vacancy at center left by the graduation of the crack Tipton, and Fish and Mathues are big men who have played the game who are trying for the vacant tackle position played last year by Doe, who scored one of the touchdowns against the Navy.

There are several candidates for the end place left vacant by the graduation of Hammond. Some of these are from last year's substitutes and some from the new fourth class. A. W. Smith, from St. John's College, is a likely candidate for end. Garey, who played the position last year, Westover, irrst substitute, and Johnson, a new comer, who played on the Portland. Ore, high school team last year, are all in the field for quarterback. At present the outlook for a strong team is good. With Lieut. Boyers head coach and Lieuts. Graves and Daly to assist him, that department is in competent hands.

CLOSE SPEEDWAY BRUSHES.

KING TOM AND MERCURY WILKES IN A DEAD HEAT.

Tobias Greenbaum and His Pacer Isaac -Cobre Grande Finds Nothing to Hold Him Level-The Trotter Tiverton Home.

Perfect autumn weather and a promise of good sport served to bring 5,000 spectators to the Speedway yesterday morning. The number who drove was large and one dead heat and several others so close that the onlookers were fairly divided as to the winner bear testimony as to the quality of the sport.

The best contest among the trotters brought together George Huber's Rhythmic, Jr., 2244, with Trainer Clark up, and Henry Phillips's James Shevlin, 2:134, the winners of many hard fought Grand Circuit battles. The finish of the first heat was the first real stirring scene of the morning, and when the whips began to crack the enthusiasm of the crowd was unbounded. Rhythmic, Jr., won

The most stirring contest among the pacers took place when the sport was in full swing. Christopher Hackett's King Tom, 2:14 to wagon, had won several easy brushes, when F. G. SEA GIRT SHOOTING.

Capt. Martin of New Jersey Boes Some

Sensational Work-Pistol Records. SEA GIRT, N. J., Sept. 10.—The results of the reentry individual match which was in progress throughout last, week were announced to-day. In yesterday's fine conditions Davenport Prominent in the Sport ran up high scores. Capt. W. B. Martin of the First New Jersey did some sensational shooting in the Hayes match at 600 yards with twenty-four consecutive bullseyes, and in the Spencer match at 800 yards he made seventeen straight bulls. Casey and Wells of the Seventy-first New York, Leushner of the Forty-seventh New York and Orr, the President's cup winner, tied Martin with 35 in the Spencer, and the tie was decided by the run of bulls, Martin winning with his ten extras; Casey scoring nine over Orr and four over

In the Hayes match Benedict of Ohio and Cookson of the District of Columbia tied.

DONLIN AND HAHN IN THE LEAD.

BEST BATTERS OF TWO NEW · YORK TEAMS.

Champions Show a Slight Falling Off in Their Stick Work, but Team Clouting Is Still Good-Work of the Americans and the Brooklyns-Pitching Feats.

Mike Donlin, with 173 hits to his credit, s far and away the best batsman of the New York Nationals. His percentage is 346. Only percentage. That is Ed Hahn, Griffith's recruit, who is batting 356 for thirteen games. Wiltse, the pitcher, still clings to his seat among the elect, and advanced last week to 300. The general hitting of the team has not been up to the average, and except for Donlin and Wiltse almost all have fallen back lately. Still, with twelve mer hitting better than .243, the showing is far from poor. The team is playing strongly in fielding and base running.

Hahn, the present leader of the Americans, has been hitless in only four of his thirteen games. He was blanked in the first two, but after he got the hang of things he did much better. much better. Yeager made six two baggers ast week, and Keeler made as many sacrifice hits. Fultz increased his total of stolen bases to 37, which is still seven behind that of Devlin.
Williams has 09 hits and will likely be the next of the Griffithites to enter the century

class.

Lumley leads the Brooklyns with .285.
Four of the Brooklyn batters have scored more than 100 hits, and Lumley will soon have 150. The Brooklyn infield has the credit of ninety double plays, and doubtless the Hanlonites will be the first of the local teams to score a century in double plays. The averages:

COLUMBIA FOOTBALL.

Practise Begins To-day on the Ovai at Williamsbridge.

Columbia's football practise will begin to-day at Columbia Oval, Williamsbridge. Capt. T. J. Thorpe will take what candidates there are up to the field and will give them short drill in the necessary hardening work. It is not expected that there will be many men, and not much attempt will be made to do any prolonged work until Jack Wright, the field coach, arrives at the end of the week. Head Coach Morley probably will be here in a day or so, but most of his time will be occuday or so, but most of his time will be occupled in other business for at least a week.

It is understood that Columbia will have a new line man this year. He is from a New England school and was rated one of the best tackles of the year. He has not yet made up his mind where he will go to college, but it is thought he will try Columbia. Jack Ryan, the big athlete who has represented the St. Eartholomew club in A. A. U. sport, will be a member of the Columbia squad this fall. Ryan weighs close to 200 pounds and is very fast. He probably will report to-day, although he is not likely to do any training until he has heard the results of his extrance examinations.

Baseball Notes.

The New York Nationals had to fight hard in every game last week.

The rooters at the Polo Grounds think Devlin fully as good as Bradley or Collins.

Chase can get further on the bases on the least slip by opponents than most players.
